

Delivering quality pharmaceuticals to meet today's healthcare needs

Update on Acquisition of Roxane Laboratories Inc. and Boehringer Ingelheim Roxane Inc. by Hikma Pharmaceuticals PLC/West-Ward Pharmaceuticals Corp.

March 1, 2016

Dear Valued Customer:

West-Ward has exciting news to share. Roxane Laboratories Inc. and Boehringer Ingelheim Roxane Inc. (together "Roxane") are now part of the West-Ward family. This transaction brings together two important players in the generic pharmaceutical market, establishing our company as the sixth largest in the U.S. generic market by revenue, and enhancing West-Ward's already-rich line of products for you and your patients.

West-Ward places the utmost importance on our relationship with our customers. We're excited about our future, and in growing our business together. We are committed to continuing to provide the same high level of quality, service, and product availability you have come to expect from us.

Important Information on Divesting West-Ward Prednisone Tablets and Lithium Carbonate Capsules

On February 25th, we informed you that West-Ward would be required to divest certain West-Ward NDC (See Appendix A for impacted SKU's) – Prednisone Tablet and Lithium Carbonate Capsule Products – in connection with the acquisition of Roxane. As of today, Renaissance Pharma, Inc., a subsidiary of Delcor Asset Corporate, is acquiring these products from West-Ward and willing to fulfill West-Ward's existing supply agreements for these products. Both West-Ward and Renaissance Pharma, Inc. are committed to working with you to address all of your needs during this time. For further information, please refer to the February 25th communication, which is attached here for your reference.

The Roxane SKUs acquired and the corresponding contract positions remain unchanged. Please continue to order through Roxane and contact your Roxane representatives for any questions related to Roxane orders.

Business As Usual Until Further Notice

While Roxane is now officially part of the West-Ward family, West-Ward and Roxane will continue to operate and conduct business independent of one another until further notice. When ordering Roxane products, please continue to work with your current Account Manager and Customer Service Representative as well as utilize the existing processes for ordering products, submitting rebates or chargebacks as you currently do today. Additionally, Purchase Orders will remain separate for West-Ward and Roxane.

- If you order through wholesalers, you will be invoiced by the wholesaler.
- If you order directly from West-Ward, you will be invoiced by West-Ward.
- If you order directly from Roxane, you will be invoiced by Roxane.
